

Skywind Application

TESRenewal Username: Marzetti

Country of Residence: Canada

Timezone: UTC -07 (Mountain Time)

Interested in: Sound Effects, Voice Acting, Server resources, etc

Level of Commitment: Moderately active

Skills and Experience: (as a hobby and semi-pro) I've been recording live audio and bands since I was 12 (self taught), and a DJ/Producer since I was 14 (I'm now 34). 90% of the releases I've done have been written and recorded myself. Every release I've done has been mastered by me personally.

Full time, I'm an I.T. Director with 16+ years in the industry.

I've included some samples of me hosting my show (years ago!) as well as current works. (Vocals will obviously have some effects on them to match the music)
