Interested in: Quality Assurance Testing

Level of Commitment: Highly active

Skills and Experience: Dear TESRenewal,

I am writing to Express my interest of QA Tester for the purpose of education and experience.

My name is Romy Novaldi and i'm 17 years old and i really really love gaming, right now i was attending a vocational high school majoring in computer engineering and network and i will go to Game Application & Technologi at Binus University in few month. The purpose i'm sending this

email is because i want to learn and having an experience at Video Game Tester for the purpose of study, because i believe i will need this experience if i want to start working on Game Industry and for that reason i'am prepared for a low payment or not getting payment at all.. I have 6-8 Hours/Day or 42-56 Hours/Day and a pretty decent gaming PC and i'am really intrested in you projects

I trust i have convinced you that i have the commitment for this role. Please don't hesitate to get in touch if you would like to discuss my application further, i'am really sorry if i send this email to the wrong email-address or having bad english & rude/wrong words.
