Skills and Experience: I am a writer and TES fan with a special interest in Dunmer and Argonian lore. In the past, I've been active in heavy Elder Scrolls Online Dunmer-focused roleplay and fan fiction. I'm interested in helping re-write dialogue so that interacting with NPCs feels more natural, but I'm open to other writing tasks.

The first proof of skills link I've supplied was my submission to an Argonian RP guild's fan fiction contest. The second is a loose, unpolished script of NPC interactions and flavor text descriptions for a Dunmer RP

guild's game master to draw from during a campaign. It wasn't intended to be shown to anyone but the game master, but it's probably more closely related to the type of writing I think you're looking for. I don't have a large body of work to show, however. If that's an issue, I'd be happy to work on unskilled tasks.

I'm also interested in placing clutter objects, but my only experience I have documented in that area is in Fallout 4. The last link is to some screenshots taken in-game of a few clutter arrangements I've placed.
