Level of Commitment: Moderately active

Skills and Experience: I have no skills unfortunately, unless you count doing random accents and voices all day long. And I mean all day. I work serving people and sometimes slip into another character I had been doing the day before... I get some weird looks. People say I have the voice for radio, but I don't have the personality for that. I figure I can try my chances here. I am serious about this. Not just "Meh I'll give it a shot"
