Country of Residence: United States

Timezone: UTC -06 (Central Time)

Interested in: Voice Acting

Level of Commitment: Moderately active

Skills and Experience: While I have never tried voice acting officially before, I have always been very infatuated with the idea. I am a singer, with over 10 years of choir and band experience, as well as making funny voices to entertain friends every day in between. I have a Blue Yeti microphone setup, with pop filter. Everything that I have recorded of my voice is unfortunately with a whole choir singing as well, but I'm willing to tryout, or whatever it takes. I am a huge ES fan, and it would be an honor to make this project my first voice acting experience! Obligatory cat photo below.
