

Skywind Application

TESRenewal Username: composerhazel

Country of Residence: Scotland

Timezone: UTC (00)

Interested in: Music, Sound Effects, Voice Acting, Music

Level of Commitment: Highly active

Skills and Experience: I am a composer and sound designer. I have a Masters degree in Composition for Screen from the University of Edinburgh, and I'm now doing a Masters degree in Sound Design there.

I can write music for both linear and non-linear game formats (I can compose using FMOD to create adaptive music for the non-linear stuff).

I use Cubase to compose. I play everything into it using my digital piano.

I have written music for a variety of things: video games, documentaries, short films, animations and theatre.
