Level of Commitment: Highly active

Skills and Experience: I am currently a student at CGMA (Online art school) and aspire to be a concept artist. I haven't done any professional work yet, but I would like to contribute as I believe it will be very valuable experience. I also have experience in the Creation Kit in Dungeon building and Landscaping. CK is still somewhat new to me however, so some of the more technical aspects like scripting are beyond me. My skill set is more of an artistic nature.

I added links to two albums, one is an album of screenshots from a WIP dungeon & quest I have been working on in my free time. And the other is a small album from some of the work I've done at CGMA and some of my older personal work.
