Interested in: 3D Modelling, Animation, Voice Acting

Level of Commitment: Somewhat active

Skills and Experience: I have experience with low and high poly modelling and sculpts. AO bakes, normal/height/spec maps. Rigging character and animation. Interested in contributing voice acting if there's an opportunity as well. I would be somewhat active as I'm a student in Video Game Design and Development and my focus will be there, but if there's any assets and textures needed, I can fully contribute.
