TESRenewal Username: Electric.Creep

Country of Residence: United Kingdom

Timezone: UTC (00)

Interested in: Music, Sound Effects, Voice Acting

Level of Commitment: Moderately active

Skills and Experience: I'm currently working freelance for several different award winning post-production sound studios in Soho - London.

I'm still learning the ropes in a professional setting but I've produced music for the last decade and done personal film audio as a student.

I used to play Morrowind as a wee lad and would love to get stuck in doing voice recording (I've got a great valve-mic), sound design (I've a modular synthesizer setup amongst other things) and composition as well.

I'm half Danish as well so I might make a good Nord.

Also I'm a perfectionist so there won't be any tosh.
