Skype Username: evin_watson

Country of Residence: United States

Timezone: UTC -05 (Eastern Time)

Interested in: Texturing

Level of Commitment: Moderately active

Skills and Experience: I am moderately experienced in designing logos. I am not very skilled at 3D modeling but I can help if some small models need to be done. I would be most comfortable creating unique shop/store signs, so that they aren't all just the same one for each type.
