Interested in: Coding/Scripting/Mechanics

Level of Commitment: Moderately active

Skills and Experience: Experienced in JS, C#, Java, also a bit of Python, Clojure and C/C++.

I've been developing for different CRM systems mostly, so at this point I'm pretty far from gamedev, or even modding.

Actually, I don't have xp in gamedev, but I'm anxious to get it. And, I guess, participating in the project would be great.
