Interested in: Writing

Level of Commitment: Moderately active

Skills and Experience: I've a little experience with c/c++ programming(level beginner or even less because my experience based only at study tasks). I read a lot of fantasy books. I'm thinking then i can be useful with writing replicas. Have some experience with TES Constructions set(morrowind mod tool). I lived many hours in Morrowind. I played it ~1.5 year almost every day for 5-6 hours. I love Morrowind, this game gave me many happy hours. I always recommend to play this game, but a lot of ppl reject it because of old battle system and graphics, and i wish this game reborn. I don't know what more to say. I have free time, so if you need assistance, call me. I'm 142 iq, like to read books, listen hard rock/classical music, play PC games, chess.
