TESRenewal Username: Hype

Country of Residence: USA

Timezone: UTC -05 (Eastern Time)

Interested in: Nav Meshing

Level of Commitment: Moderately active

Skills and Experience: I don't really have any experience with game making. I am a fast learner and can easily work on nav meshing. I don't have any real stand out skills, but I've been wanting to help this project for over a year now but lack any expertise. I have some experience in Sony Vegas Pro 13, but honestly don't we all.
