Interested in: QA

Level of Commitment: Highly active

Skills and Experience: I've been a QA Tester with VMC Global Beta Test Network for 3 years. We test big time AAA titles. I'm not able to say what games but I can say that they have been the most popular games on consoles and PC. I am very passionate with gaming and the Elder Scrolls Series in particular. I've played them all since the beginning and Morrowind is and always will be my favorite. I've played Morrowind more the any game in my library. I still play it today lol. I'm very familiar with the console commands I don't have knowledge with Papyrus but I am willing to learn if it's needed. I am a stay at home dad/video game tester so I have at least 6-8 hours available to test Skywind for you. I have been following your progress very closely and I'm excited to get this

opportunity. I hope that I meet your qualifications and I can begin testing for you as soon as possible. Thank You and I hope to hear from you soon!
