Skills and Experience: Although I have some experience acting (I worked as a singer/actor in Las Vegas) my background in voice is mostly in singing. I have a long history of singing with other musicians in a number of different collaborations, and I hope to use my voice in order to contribute as a voice actor on the Skywind project.

In addition to this use of my voice, I have extensive experience in writing music and lyrics for songs, including an album I wrote and recorded, which I listed below.

If you would like any information, please feel free to contact me! Thank

you very much for your time.
