Level of Commitment: Moderately active

Skills and Experience: Engineer, Music Producer, Mastering / Mixing Knowledge, worked on and with artist material have releases on small labels, worked in studios and can get time to master and mix within a studio environment. Other skills include Foley, Automatic Dialogue Replacement, Sound Creation and Manipulation.

I have worked with recording voice actors and as well with movie footage, using tools such as Logic Pro X, Reason 5, Presonus Studio One 2/3, FL

Studio 9/10/11/12, have a sound bank of released and made material, I can create sounds also using the plugin base that I have.

I am not a voice actor but I have worked with actors also to give direction and feedback on and when recording, boost morale and all round improvements that need to be made. I have worked with groups at a time with a team of five engineers in the studios to create the perfect dialogue recordings for movie and t.v shows including adverts.

I have general maintenance skills worked for tech support etc.

(too much?)
