

Skywind Application

TESRenewal Username: LostHabit

Country of Residence: USA

Timezone: UTC -05 (Eastern Time)

Interested in: Music, Sound Effects

Level of Commitment: Moderately active

Skills and Experience: My main area of interest is in the SFX department.

I'm currently a student at Full Sail University and I'll be graduating this year, but I've been into audio prior to attending.

I've been working on FL Studio for the past 5 years, but I am currently more into Pro Tools as of last year. On FL, I mostly wrote music. However, I've been getting into FM synthesis a bit more so I can create sounds for other platforms aside from music. I'm currently working towards getting my Pro Tools certification some time within the next few months as well.

I have a good handful of sounds that I've created, however most of them were made during my time in class. I'd much rather showcase SFX I've done outside of school which is why the link I provided lacks in material.

If you'd like to see some of the sound design I've done in school, feel free to ask and I'd be more than happy to upload some of my work.
