Country of Residence: Bulgaria

Timezone: UTC +02

Interested in: 3D Modelling, Concept Art

Level of Commitment: Moderately active

Skills and Experience: I do not have any professional experience yet, since I took interest in 3D modeling a year and a half ago. I have pretty good skills with Maya, ZBrush and Photoshop, and I'm learning Marvelous Designer and Substance Painter. I think that I can contribute to this project by making some more light and not so significant models, that more experienced artist would not be interested in.

I'll put link to my ArtStation, but I have not posted there in a long time.

What you would see are my first attempts in 3D modeling, but since then I have developed my skills greatly, but attending courses, learning from the internet and doing personal projects.
