Level of Commitment: Moderately active

Skills and Experience: Have taken 4 years of art classes and 2 years of film school. I'm mostly applying for the art department as I hear you're not currently looking for writers, but I thought I'd put writing down all the same.

I've done a lot of traditional art, mostly pencil drawing and acrylic painting, and have recently started painting in Photoshop. I spend a lot of time drawing clothing designs anyways, I thought I may as well put it to use!

I took several screenwriting courses at film school and have had lots of experience writing and editing dialogue, as well as critical analysis of my own work and that of others.

Other miscellaneous skills I have are video and sound editing, in programs such as Avid, Premiere, Pro Tools etc.
