Skype Username: micahwilson-

Country of Residence: USA

Timezone: UTC -06 (Central Time)

Interested in: Landscaping

Level of Commitment: Highly active

Skills and Experience: Hello my name is Micah Ghost, i have been using the creation kit for 3 years. Some of you may have used my mod. I am an extremely experienced creation kit user and have achieved high endorsement status on the Nexus. All of my users of my New world mod "The Volgon Isles" have said that my work is on par with Bethesda's landscaping talent. On this mod i have been working for almost 2 years creating beautiful landscapes, living cities with interesting layouts, and realistic heightmaps. Landscaping and Level desgins are my piece of pie and i believe my skills could greatly improve the landscape and fill of

SkyWind.

Another skill i have is i am currently a Computer Science major so i am also improving my coding skills for other projects and tasks.

I have taken a break from my main mod because the one thing that i hate about modding by my self is not working with others and combining our skills so we can achieve an amazing beautiful world. That is why i want to join.

I am not going to ramble on about my skills but i will let you decide for yourself by looking at my Mod and Imgur Album
