Skills and Experience: Bachelor's degree in English from the University of Dallas (Irving, TX), 2004. Taught high school English for one year, have been employed as a researcher in the energy complex for 10 years.

I am a hopeful epic fantasy novelist and have been writing sketches, story fragments, and scenes in this genre for 10+ years. The Morrowind world has been....crucial, essential...sacred in my creative journey.

This project is personal to me. I am fully aware that my qualifications are perhaps modest at best, but I would very much like to contribute to it in some way. Whatever needs to be done: writing, editing, sweeping the

floors. I have no ego, just want to contribute.

Please find attached three of my original character sketches done for the epic fantasy world I have spent the last couple of years creating.

Thanks very much for your consideration!
