

NETCH FEEDING STATION

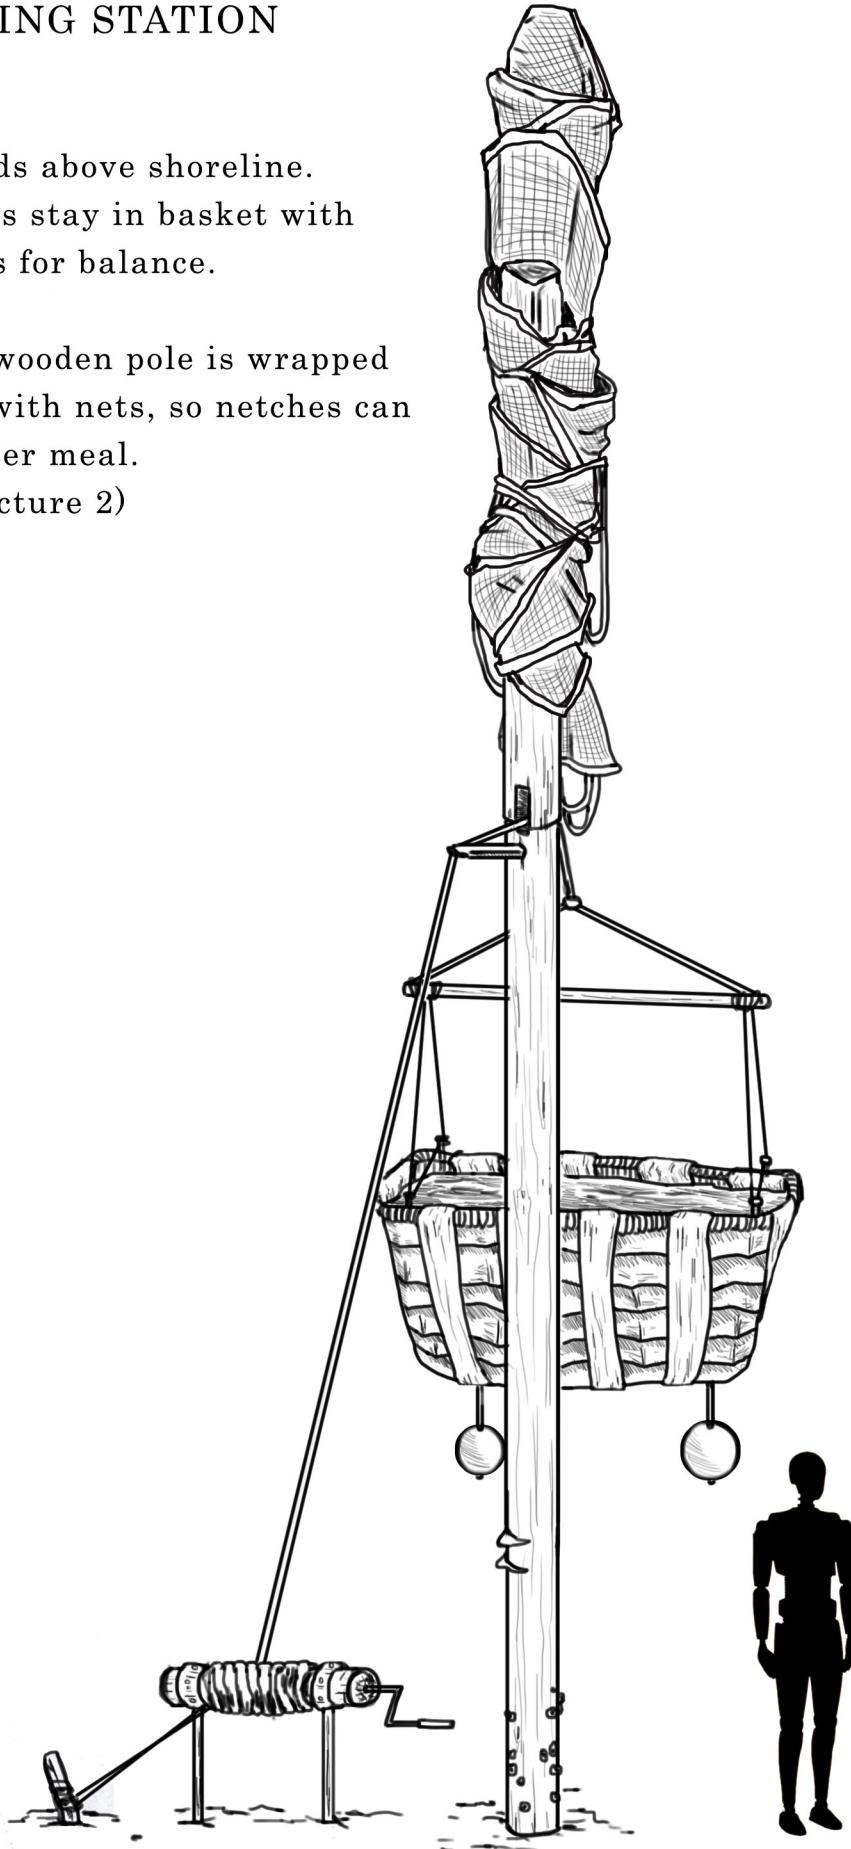

V.01

for fields above shoreline.

Shrimps stay in basket with weights for balance.

Top of wooden pole is wrapped round with nets, so netches can rest after meal.

(See Picture 2)

NETCH FEEDING STATION

V.02

for fields next to
shoreline.

Shrimps are caught in a
big net, which gets tied
to wooden pole.

Top of wooden pole is
wrapped round with
nets, so netches can
rest after meal.
