

Skywind Application

TESRenewal Username: nikooz

Country of Residence: Canada

Timezone: UTC -08 (Pacific Time)

Interested in: Coding/Scripting/Mechanics, if coding is not available I can do QA as well.

Level of Commitment: Moderately active

Skills and Experience: I do have a full time job. I would be only able to help in my spare time. About my experience:

I'm still a computer science student but I have been actively programming for more than a year as a co-op student. In my spare time I worked on small project with unity and C#. Currently I am looking into Unreal Engine and C++. If I get a opportunity to help I am definitely more than eager to study the Papyrus scripting and Bethesda's Creating Kit (I didn't have the pleasure to work with it yet)

Currently I work for a Property Management company where I work as a Web Developer. If you have any questions about me please feel free to ask I am more than happy to get in touch with you.
