Level of Commitment: Somewhat active

Skills and Experience: 6 years of software engineering.

Proficient in c++, c, java and others. LinkedIn Profile has all the details.

As for level of commitment, I put in the lowest as I honestly can't tell how much time I can give. If possible, I'd like to give at least a dozen hours a week but I don't really want to commit to a specific before at least starting to help and see if I can handle it with my schedule.
