

Skywind Application

TESRenewal Username: raithian25

Country of Residence: United States

Timezone: UTC -05 (Eastern Time)

Interested in: Coding/Scripting/Mechanics

Level of Commitment: Somewhat active

Skills and Experience: I'm have mid-level experience with Creation Kit and Papyrus. I'm relatively new to Papyrus, but I have experience with other coding languages and haven't had any issues with Papyrus so far. I don't have any published mods on Nexus, as I tend to start projects that are too ambitious and don't end up finishing them. But working on Skywind sounds perfect to me as it wouldn't be all my responsibility, and I could contribute piece by piece. I've included a link to a cute puppy below.
