

Skywind Application

TESRenewal Username: SaltyMcSushi

Email Address: eagleoja@yahoo.com

Skype Username: eagleoja@yahoo.com

Country of Residence: United States

Timezone: UTC -05 (Eastern Time)

Interested in: Coding/Scripting/Mechanics, Voice Acting, Coding is primary

Level of Commitment: Somewhat active

Skills and Experience: I am a professional software engineer. I mostly do C# but I'm also experienced in C++. I've also done some Java (very similar to C#), VB, Assembly, Android, and SQL. I don't know what kind of coding is necessary here, but to be clear I have ZERO experience making TES mods or with TES scripting. But I can code well and learn quickly.

I have been told I have a good voice, in the context of both singing and speaking, and should do voice acting. I have done a small amount of amateur acting.
