

Skywind Application

TESRenewal Username: ShadowSky

Country of Residence: US

Timezone: UTC -05 (Eastern Time)

Interested in: Voice Acting, Writing

Level of Commitment: Highly active

Skills and Experience: While I have professional experience in the regards of voice acting, it is something in which I have had interest in for a few years and I am a fast learner. The closest thing to 'experience' that I have is speaking in funny voices or narrating things for friends. As for writing, I have also had an interest in it for about as long as voice acting and practice it for a fairly regular basis in the form of roleplaying with friends. My grammar and spelling are excellent, which has proved useful in the case of editing writing pieces and essays for people I know; I am currently working on three different books that I intend to publish when finished and am skilled in multitasking and organization of time.
