Country of Residence: Australia

Timezone: UTC +10

Interested in: Music, Sound Effects

Level of Commitment: Moderately active

Skills and Experience: I am currently studying a bachelor of audio engineering and sound production, an area in which I already hold a diploma. I have worked on several projects, including recording, mixing, mastering, and foley.

As well as this, I also have a home studio setup which is mostly used for mixing and mastering, and am well educated in my software and hardware.

I am extremely interested on working in these areas for this project.
