

Skywind Application

TESRenewal Username: SongsOfBeitar

Country of Residence: US

Timezone: UTC -05 (Eastern Time)

Interested in: Coding/Scripting/Mechanics

Level of Commitment: Somewhat active

Skills and Experience: Javascript, mostly from working with a Node js server.

(Jquery, HTML/CSS, PHP) from web programming projects and working on the company website.

I mainly program in Java at work. I use git every day to manage my team's project and code sharing.

I started working on a personal project with Libgdx to make a small game on the side.

I'm sorry I'm not familiar Bethesda's CK (accept for when I played around with it when Morrowind first came out) but I'm definitely ready to learn papyrus.
