Interested in: 3D Modelling

Level of Commitment: Highly active

Skills and Experience: I have a Bachelors in Media Arts, and Animation from the Austin Art Institute, and have experience with fantasy environments and props. I am able to model quickly and efficiently, am able to work with high poly and low poly restrictions, and have experience using all of the current mainstream modeling tools, and some high quality rendering tools such as Marmoset. I have been team lead on projects and currently I am a concept artist and 3d artist for Falamangosa Props, where I model fantasy armor and weapons for use as reference to the fabricator to build the props and armor for cosplay and theatrical use.
