Skype Username: Hugh Marron

Country of Residence: Ireland

Timezone: UTC (00)

Interested in: Coding/Scripting/Mechanics

Level of Commitment: Highly active

Skills and Experience: Recently graduated with a computer science degree from University College of Cork (Ireland)

Plenty programming experience (Java, C++, PHP, javascript, C#, python and more)

Web development experience (jquery, html5, css3)

Currently working at IBM, so plenty experience at working as part of a

large team and using tools to manage large projects (git, rational team concert, trello, etc.)

Some experience with the old TES construction sets for Morrowind & Oblivion, but haven't played around much with Skyrim's creation kit, though I assume it has many of the same concepts.

Unfortunately no experience with Papyrus, but I am competent with other object oriented languages, so hopefully it should be easy to pick up

Helped organize weekly game jams (build a game in 12 hours) in my final year at university.
