

Skywind Application

TESRenewal Username: unknownone

Country of Residence: United States

Timezone: UTC -07 (Mountain Time)

Interested in: Coding/Scripting/Mechanics,Landscaping

Level of Commitment: Moderately active

Skills and Experience: I am a computer science student (freshman) in college, though I have about 6 years coding experience in C/C++. I also have knowledge in Java, Python and PHP.

I have experience with the CK (more so with Morrowind and Oblivion's than Skyrim, but I am familiar with all). I have used git several times in the past.

Unfortunately all my code is on a private git server for my work and is not publicly available.

I have worked on Skywind/Morrowind in the past for converting the mesh nif formats from Morrowind to Skyrim and Oblivion.
