Country of Residence: Italy

Timezone: UTC +01

Interested in: Concept Art

Level of Commitment: Moderately active

Skills and Experience: My passion in drawing by hand, using mostly pencils and sometimes pens. The main themes of my drawings are portraits, fantasy, with a certain attention to realism (I try to be realistic and avoid exaggerated proportions and so on).

Being an architecture student, I've got a very basic knowledge of Photoshop, Illustrator and I can use Sketchup rather well (although I don't know if it could be useful as a verybasic 3d modeling programm).
