

Skywind Application

TESRenewal Username: WideFoot

Country of Residence: United States (Virginia)

Timezone: UTC -05 (Eastern Time)

Interested in: Landscaping, No Skill Misc. Jobs

Level of Commitment: Somewhat active

Skills and Experience: I am a hobbyist. In the past, I dabbled with both the Morrowind and Oblivion TES Construction Sets. I never made publicly accessible mods, but I did make a few dungeons and houses for myself. I am very capable of putting together the modular dungeon and house models and populating them with clutter.

With a small learning curve and oversight, I would be comfortable doing exterior areas as well.

I technically have both Blender and Gimp, but I have little to no experience with either program, which is why I can't offer services as a modeler. I am

very good at Sketchup. It isn't helpful, but it shows that I am familiar with 3D modeling in general.

And, I know you also need grunts. I can be a grunt.
